Tuesday, February 18

Venue: Amphitheater	Opening ceremony		8:15-8:20
	President of the Congress, Director of the Health Policy Research Center, Distinguished Professor of Shiraz University of Medical Sciences, Clinical Specialist in Adult Gastroenterology and Liver Diseases	Dr. Kamran Bagheri Lankarani	8:20-8:30
	Scientific secretary of the Congress, Director of the Information Technology Incubator, Associate Professor at the school of Nutrition Sciences, Shiraz University of Medical Sciences	Dr. Seyed Jalil Masoumi	8:30-8:40
Congress video clip			8:40-8:45
	Chencellor of Shiraz University of Medical Sciences, Full Professor, Otolaryngologist, Cochlear Implantation, Ear Surgery Fellowship	Dr. Seyed Basir Hashemi	8:45-8:55
	Governor General of Fars	Dr. Hossein Ali Amiri	8:55-9:05
	Minister of Communications and Information Technology and faculty member of Shiraz University	Dr. Seyed Sattar Hashemi	9:05-9:15
	Deputy President for Science, Technology and Knowledge-Based Economy	Dr. Hossein Afshin	9:15-9:25
	Vice-chancellor for Research and Technology, Shiraz University of Medical Sciences, Associate Professor, Pediatric Cardiologist	Dr. Hamid Mohammadi	9:25-9:35

Tuesday, February 18

	Mayor of Shiraz	Dr. Mohammad Hassan Asadi	9:35-9:45
	Managing Director of Bank Shahr	Dr. Seyed Mohammad Mehdi Ahmadi	9:45-9:55
	Deputy CEO of MCI	Dr. Hamid Behrouzi	9:55-10:05
Exhibition opening			10:05-10:30
Venue: Amphitheater	**Keynote speeches**		
	Former Minister of Communications and Information Technology	Engineer Mohammad Javad Azari Jahromi	10:30-10:50
	,The role of policymakers technologists, and physicians in confronting the developments of artificial intelligence in the field of health	Full Professor, Shiraz University, PhD in Systems and Control Engineering	Dr. Seyed Ali Akbar Safavi	10:50-11:10
	Wearable sensors for medicine and sleep research: Physics essentials to understand their .potential and problems	,Full Professor ,CHARITE University Germany	Dr. Thomas Penzel	11:10-11:30
	Artificial intelligence in monitoring and surveillance of resistant microbes	Full professor at the ,university of UPES ,Dehradun Uttarakhand, India	Dr. Ramendra Pati Pandey	11:30-11:50

Tuesday, February 18

	Transforming healthcare with foundational models: clinical insights and improving patient outcomes.	Full Professor of Computer Engineering, Macquarie University,	Dr. Amin Beheshti	11:50-12:10
Workshop: AI applications in medical sciences				13-17
	Workshop manager and instructor	researcher of AI and datascience in medical and pharmaceutic sciences	Dr Pedram Porbaha	13:00-17:00
Venue: Conference Hall	**Presentation of accepted papers**			13-17
Venue: Amphitheater	**Metaverse and Artificial Intelligence: Panel chair: Dr. Seyed Ali Akbar Safavi**			
	Challenges and opportunities of applying artificial intelligence in intensive care units in Iran	Full Professor, Shiraz University of Medical Sciences, Clinical Subspecialty/Immune Care Medicine	Dr. Farid Zand	13:00-13:30
	AI-based innovations for monitoring newborn health are available	Professor at Monash University, Melbourne, Australia	Dr. Faezeh Marzban Rad	13:30-14:00
	XAI - Explaining the results of black-box artificial intelligence in the field of medicine	Full Professor, Stralsund University of Applied Sciences, Germany	Dr. Lieven Nils Kennes	14:00-14:30
	AI ambulance	Director of novel research and development networks of MCI	Reza Tahan	14:30-15:00

Tuesday, February 18

Venue: Amphitheater	Artificial Intelligence and the Future of Medicine: Potentials and Challenges		
	Full Professor, Shiraz University, Panel chair, PhD in Systems and Control Engineering	Dr. Seyed Ali Akbar Safavi	15:15-16:45
	,Full Professor, Baylor College of Medicine Houston, Texas, USA	Dr. Amir Sharafkhaneh	
	Assistant Professor, Baylor University, Texas, USA	Dr. Javad Razjouyan	
	Assistant Professor, Tehran University of Medical Sciences, Doctor of Medicine/Occupational Medicine	Dr. Arezoo Najafi	15:15-16:45
	Vice-President of the Digital Health Working ,Group, Iranian Academy of Medical Sciences Associate Professor of Shahid Rajaee Cardiovascular Medical and Research Center, PhD in Medical Informatics	Dr. Seyed Mahmoud Tara	
	Assistant Professor, Department of Electronic Health, Faculty of Medicine, Tehran University of Medical Sciences, PhD in Bioinformatics	Dr. Ali Alizadeh	
Venue: Private Ceremony Hall	**Mobile Health and Vulnerable Groups; Panel chair: Dr. Behnam Honarvar**		
	Introducing mobile health and vulnerable groups	Professor of ,Community Medicine HPRC, Shiraz University of Medical Sciences	Dr. Behnam Honarvar	13:00-13:15

Tuesday, February 18

	Topic	Affiliation	Speaker	Time
	Improving oral health in populations requiring special care services	Dentist, PHD in Epidemiology, Tehran University of Medical Sciences,	Dr. Shervan Shoaei	13:15-14:00
		Associate Professor, Kerman University of Medical Sciences, PhD in Medical Informatics	Dr. Afshin Sarafinejad	
	Mobile health-based solutions in rehabilitation	Assistant Professor, Shiraz University of Medical Sciences, PhD in Medical Informatics	Dr Somayeh Zaker Abbasalizadeh	14:00-14:15
	Mobile health in elderly rehabilitation	Assistant Professor, Shiraz University of Medical Sciences, PhD/Occupational Therapy	Dr. Bahareh Zeinalzadeh Ghoochani	14:15-14:30
	Inclusivity and accessibility of mobile health services	Tavangaran Foundation	Seyed Javad Hosseini	14:30-15:00
	Inclusivity and accessibility of mobile health services	Founder of Asan Sanat Mobtekaran Company	Farhad Mohammadi	
	Improving the awareness of patients' parents using a mobile and virtual educational system	Vice-chancellor of Health, Associate Professor of infectious Diseases at Shiraz University of Medical Scienc	Dr. Owrang Eilami	15:15-15:30
	Empowering Patients: Mobile Micro-Education for Self-Care in Chronic Diseases	Professor of e-Learning, Dean of Virtual School and Center of Excellence for e-Learning in medical sciences, Shiraz University of Medical Sciences, PhD in Educational Planning	Dr Nahid zarifsanaiey	15:30-15:45

Tuesday, February 18

	Challenges of implementing artificial intelligence in oral health: From obstacles to opportunities	Director of Health, Technology Development Mashhad University of Medical Sciences, Assistant Professor, Mashhad University of Medical Sciences, PhD in Dental Biomaterials	Dr. Hossein Bagheri	15:45-16:00
	Digitalization of the Health Economy: An Opportunity for Changing the Lifestyle	President of the ECO, Scientific Foundation Islamabad, Pakistan and Professor at the University of Isfahan	Dr. Seyed Komail Tayebi	16:00-16:15
	The role of artificial intelligence in lifestyle and lifespan research in public health.	President of the Health Services Academy (HSA) of Pakistan	Dr. Shahzad Ali Khan	16:15-16:30
	Panel summary: Mobile health and vulnerable groups	Professor of Community Medicine, HPRC, Shiraz University of Medical Sciences	Dr. Behnam Honarvar	16:30-16:45
Venue: Conference Hall		**Workshop: PACS Administrator**		
	Radiologist	Workshop Manager, Associate Professor, Shiraz University of Medical Sciences, Doctor of Medicine/Radiology	Dr. Alireza Shakibafard	۱۳:۰۰-۱۷:۰۰
	Associate Professor, Chair of Radiology and Diagnostic Imaging Department, Shiraz University of Medical sciences	Instructor	Dr. Parisa Pishdad	
	Secretary of the PACS Committee, Shiraz University of Medical Sciences	Instructor	Mohammadreza Nematollahi	
	CEO of Raika Teb Afzar Pars Company	Instructor	Saeed Farjadian
